**Laser Spine Institute Opens Albuquerque Facility**  
*Leader In Endoscopic Spine Surgery Expands Into New Mexico Market*

ALBUQUERQUE, N.M. – Bill Horne, CEO of Laser Spine Institute (<http://www.laserspineinstitute.com>), the leader in endoscopic spine surgery, has announced that the company has opened its newest consultation facility in Albuquerque. John Spallino, M.D., a Laser Spine Institute board-certified physician, will consult with potential spinal patients to determine whether endoscopic spine surgery is the most effective solution in addressing their chronic back and neck pain, and guide them in arranging the next steps for appropriate treatment. The new facility is located at 8801 Horizon Blvd., Suite 310.

**QUOTES:**

“Witnessing the highest level of interest ever in a new market, we at Laser Spine Institute are excited to join the Albuquerque community,” said Horne. “This has been our largest consult schedule to date, and we are pleased to expand our practice to New Mexico.”

“We are excited to offer the community an effective alternative to the traditional approach so often taken in addressing back and neck surgery,” said Jimmy St. Louis, MBA, PMP and chief corporate operations officer at Laser Spine Institute. “This expansion is a testament to the talent among our medical staff and the level of service continuously offered to all Laser Spine Institute patients.”
