Laser Spine Institute Opens Oklahoma City Ambulatory Surgery Center
*Leader In Endoscopic Spine Surgery Expands Office-Based Surgery Center
To Meet Patient Demands*

TAMPA, FLA. – Bill Horne, CEO of Laser Spine Institute (<http://www.laserspineinstitute.com>), the leader in endoscopic spine surgery, has announced that the company has opened its newest ambulatory surgery center in Oklahoma City. The new facility will offer convenient patient access to board-certified surgeons, including Michael Weiss, D.O., Mark Flood, M.D. and physicians including Kit McCalla, D.O., MBA. In addition, administrative functions and complimentary medical consultations will be performed at the surgical center. A 9,728 square-foot facility, the Oklahoma City ambulatory surgery center opening is an expansion from the company's previously held office-based surgery center. The newly expanded facility is located at 4727 Gaillardia Parkway.

QUOTES:

"The Oklahoma City expansion marks Laser Spine Institute's fourth ambulatory surgery center since our establishment in 2005," said Horne. "We are honored to serve this community and proud to be a contributing member of the Oklahoma City healthcare providers. Experiencing growth as a company is always exciting, but most importantly, it solidifies the high-quality healthcare we are able to provide our patients in endoscopic spine surgery."
