Laser Spine Institute Employees Support Marine Toys For Tots Foundation *Leader In Endoscopic Spine Surgery Contributes To National Charity*

TAMPA, Fla. – Bill Horne, CEO of Laser Spine Institute (<http://www.laserspineinstitute.com>), the leader in endoscopic spine surgery, has announced that the facility will support the Marine Toys For Tots Foundation, an IRS recognized 501(c)(3) not-for-profit public charity contributing tangible signs of hope to economically disadvantaged children and families during the Christmas holiday season. As a component of Laser Spine Institute's community outreach program, all four of its surgical facilities will collect gifts and gift cards internally from employees and participants through Friday, Dec. 16, when members of the United States Marine Corps will collect Toys for Tot boxes from each location.

QUOTE:

"The Christmas holiday season is magical for all children and a time to celebrate with family and friends," said Horne. "The Marine Toys for Tots Foundation has embedded itself across the United States with a commitment to providing as many children as possible with the magical moments and memories that the Christmas holiday brings, which is why Laser Spine Institute employees are excited to lend a hand this year in making those moments possible for children within each of the communities we serve."
