Experience

Upon completion of his residency, Dr. Gandhi fulfilled an Interventional Spine Fellowship at Cedars-Sinai Spine Center in Los Angeles. In addition, he completed a Pain Management Fellowship at Baylor College of Medicine in Houston, Texas before joining Laser Spine Institute.

As a member of the world-class team of surgeons, doctors, anesthesiologists and other medical professionals, Dr. Gandhi has focused his career on providing his patients relief from pain and disability caused by herniated discs, spinal stenosis, arthritis of the spine, and many other spinal conditions. In addition, his commitment to progressive treatment is demonstrated by his contribution to the article titled "Yoga and the Aging Spine" published in *The Comprehensive Treatment of the Aging Spine: Minimally Invasive and Advanced Techniques*.
