Experience

Perhaps one of the most noteworthy accomplishments of Dr. Prada is his service to his country. Not only was he a physician in the U.S. Navy, but he also received the Joint Meritorious Unit Award from the Department of Defense.

Dr. Prada's other honors include: First Prize for the Outstanding Research Project from the 14th Annual Arkansas Orthopedic Forum and numerous military decorations. He has had several orthopedic surgery articles published. In 2007, Dr. Prada moved to Florida with his wife and children where he plays an integral role in Laser Spine Institute's continued commitment to excellence in minimally invasive spine procedures.
